

SAY HELLO TO THE COOLEST EVENT AND MEETING SPACE IN NEW YORK CITY TIMES SQUARE

PARAMOUNT

Paramount Hotel is a New York City landmark located just steps from Times Square. Constructed in the French Renaissance style by Thomas W. Lamb in 1927, the building reflects the theatrical character of its neighborhood. The bustle of the street disappears as you step inside - with its two-story lobby, reflective fireplace, dramatic lighting, and rich textures, it sets the stage for a hip, indulgent experience. Recently updated but retaining its historical charm, the Paramount Hotel is standing out - as the only hotel near Broadway NYC with genuine personality.
